

MOMMY'S DAY OUT

City mothers were invited for an afternoon of fun with their little tykes on Mother's Day. This fun afternoon party and lunch held at a city boutique hotel gave children an opportunity to do the icing on cakes and decorate it in their own way with sprinklers, chocolate, gems and present it to their mums. And when the kids got tired of icing, they were enter-

tained by clowns and also played some fun games. While the moms and dads enjoyed an elaborate lunch, there was a live counter meant for the kids from where they could get their share of French fries and good ol' Mac and Cheese. We spotted fashion choreographer Sheetal Sharma having a good time with her son while he decorated a cake for her.
